## RECENT UPDATE — 90847

October 28, 2015

Dear Provider,

As you may already have noted for billing purposes, Centers for Medicare and Medicaid Services (CMS) coding edits (also known as CMS National Correct Coding Initiative (NCCI) standards) were published with an update regarding CPT 90847 with modifiers. Prior publication affirmed no modifier was accommodated with this code; now, when reporting (billing), CPT 90847, CPT(s) 90832, 90833, 90834, 90836, 90837, 90838 can be covered with Modifier use, e.g., 59.

You will see the change reflected in claims for Idaho Medicaid starting 3<sup>rd</sup> Quarter 2015.

If you have any questions regarding a claim, please call Optum Idaho's Provider Customer Service line at **(855) 202-0983** between 8:00 a.m. – 6:00 p.m. MST.

Thank you,
