

PROVIDER ALERT

2017 Network Audit Tools Update

January 19, 2017

Dear Provider:

It is Optum's policy to review our network audit tools at least annually. Our audit tools have been reviewed and approved for use in 2017. Changes to the tools are outlined in the "*Audit Tool Change Index for 2017*". The updated tools and change index will be posted on the provider page of optumidaho.com on January 19, 2017. Go to "Network Providers" > Guidelines & Policies. The following tools have been revised for 2017:

- Treatment Record Review Tool
- Organizational Provider Audit Tool
- Peer Support Record Review Tool
- Peer Support Site Tool

Optum will begin using the revised tools 30 days following the date of this notification. Any questions about this alert can be directed to your designated regional Provider Quality Specialist (PQS) using the contact information below:
