

PROVIDER ALERT

YES Navigation Series – Part IV

YES Program & IBHP Enhancement

February 27, 2019

Dear Providers,

Thank you for your continued partnership as we have expanded services offered to child and adolescent Medicaid members through the Youth Empowerment Services (YES) Program. To support the provider network in the implementation of new services, Optum Idaho offers the YES Navigation Series.

The YES Navigation Series reviews information from Optum’s Level of Care Guidelines, Fee Schedule, and Provider Manual. The trainings are beneficial for agency owners, managers, clinicians, paraprofessionals, and billing & administrative staff.

YES Navigation Series – Part IV is offered via two live webinars in March 2019. This training outlines how the individual YES services work within the YES System of Care. The training provides an overview of services being enhanced on April 1, 2019, as well as information on future service implementations. The webinars include time for a live Question & Answer session. An on-demand recording of the webinar will be posted on our Relias e-learning platform after the webinars have been completed.

Please see the schedule below for times and dates of the upcoming YES Navigation webinars.
