

Hello,

ECHO Idaho is hosting a [Medication for Addiction Treatment training](#) on September 22. Physicians, APRNs and physician assistants are required to acquire a waiver (commonly known as the x-waiver or MAT waiver) and maintain certifications to legally dispense or prescribe medications for opioid use disorder.

The training is virtual (hosted by ECHO Idaho's over Zoom), free for participants and runs from 12:30 pm to 5 pm Mountain time.

We hope that you might be interested in telling your network about this upcoming opportunity – MAT is a vital program in Idaho and we want to see as many people as possible earn their x-waiver! Attached you will find a media kit that includes Facebook posts in copy & paste format, write-ups that can be utilized in newsletters, and two photos that can be posted on social media (**if you choose to post a photo, we recommend including the following verbiage: Learn more about ECHO Idaho's upcoming MAT-waiver training on their website – <https://www.uidaho.edu/academics/wwami/echo/mat>)

If you have any questions or would like to talk more about this, please email me at kblades@uidaho.edu.

All the best,
Kayla
