

## IDAHO PROVIDER MANUAL UPDATES – April 2021 Edition

| Section & New Page #  | Previous Content   | New Content   |
|---|--|---|
| Respite (page 81)   | The duration of individual Respite care varies and may include an overnight stay in the member’s home, as identified by the Child and Family Team (CFT) <u>but will not</u> exceed a single episode of 72 hours.   | The duration of individual Respite care varies and may include an overnight stay in the member’s home, as identified by the Child and Family Team (CFT) <u>and cannot</u> exceed a single episode of 72 hours.  |
| Individualized Skills Building Treatment Plan (page 86)         | Providers qualified to provide Skills Building/CBRS <u>are</u> independently licensed or master’s level clinicians under supervisory protocol (see Skills Building/CBRS provider qualifications).  | Providers qualified to provide Skills Building/CBRS <u>and</u> independently licensed or master’s level clinicians under supervisory protocol (see Skills Building/CBRS provider qualifications).   |
| Crisis Services (page 95)                                       | New content  | Crisis Centers are required to update the Idaho Psychiatric Bed and Seat Registry ( <a href="https://healthandwelfare.idaho.gov/providers/behavioral-health-providers/idaho-psychiatric-bed-and-seat-registry">IPBSR</a> ) ( <a href="https://healthandwelfare.idaho.gov/providers/behavioral-health-providers/idaho-psychiatric-bed-and-seat-registry">link: https://healthandwelfare.idaho.gov/providers/behavioral-health-providers/idaho-psychiatric-bed-and-seat-registry</a> ) with their census numbers twice per day in order to support a statewide registry of crisis bed capacity and the number, availability, and demographic of those psychiatric beds and crisis seats across Idaho. |
| Opioid Treatment Programs (page 117)                            | OTPs are encouraged to provide additional support services on site such as recovery coaching. Services outside of SUD treatment, such as medication management and recovery coaching, may be billed separately from the weekly bundle, as long as the provider is also credentialed as a qualified provider with the IBHP. | OTPs are encouraged to provide additional support services on site such as recovery coaching. <u>When medically necessary and clinically appropriate</u> , services outside of SUD treatment, such as medication management and recovery coaching, may be billed separately from the weekly bundle, as long as the provider is also credentialed as a qualified provider with the IBHP.   |
| Therapeutic After School and Summer Programs (TASSP) (page 126) |  | The section was revised to further clarify the intent and goals of the Therapeutic After School and Summer Programs as well as detail the specific services currently billable on the fee schedule.   |
