

# PROVIDER ALERT

## Therapeutic After-School and Summer Programs (TASSP)

May 15, 2021

**Alert Summary:** Therapeutic After-School and Summer Programs (TASSP) Virtual Information Sessions are being scheduled this summer for providers to learn more about what TASSP are and how the programs can be structured.

Dear Provider,

Therapeutic After-School and Summer Programs (TASSP) are structured programs which consist of a range of individualized therapeutic, recreational and socialization activities for youth. These individual and group therapeutic experiences assist youth in developing social, communication, behavior and basic living skills; as well as psychosocial and problem-solving skills.

Therapeutic After School and Summer Programs (TASSP) are a collaboration between provider agencies, community-based organizations, professionals, and/or other entities.

The informational session will explain the goal of TASSP, how to create TASSP programs and services, and new resources for providers to provide structured treatment services during afterschool, summer or out of school time.

We are offering three (3) virtual sessions for you to attend. **Click** on one of the links below to register for the session of your choice. You will be emailed a link prior to the session.
